Standard single leaf hinged door. The movement is achieved by means of two hinges and a door stop, which is provided with a new generation supermagnet.

AVAILABILITY:

- SINGLE
- DOUBLE

OPENING:
from **700** to **3.000** mm

Folding Doors

A folding-hinged door designed to reduce the dimension of the open door. Once the bolt is released, the two leaves fold over one another, reducing the overall size.

AVAILABILITY:

- SINGLE
- DOUBLE

OPENING:
from **1.400** to **6.000** mm
